The craftsman

Behind Makam El Chahid , there is the " Bois des Arcades " . It is a famous place where families come to relax at the weekend . There are restaurants and shops that overlook the Mediterranean Sea . Most of the craftsmen settle there. Ami El Hadj is famous for his traditional clothes .

Every morning , he starts his work slowly. He opens his shop and gets a coffee. Then he cuts the cloth carefully to make a dress. After that he draws the design lively and he embroiders the dress nicely in different colours. When the dress is finished , the top model presents it gracefully to the customers .
