

Name: .....

**Second Term Test Two 3AM .....**

Abu Abdullah Muhammad Ibn Battuta, was a Moroccan Muslim scholar and traveler. He is known for his travelling called the 'Rihla'. His journeys lasted for a period of almost thirty years.

Ibn Battuta was born in Tangier, Morocco, on February 24th, 1304 C.E. His family was of Berber origin. After receiving an education in Islamic law, he chose to travel. He left his house on June 1325 on a hajj (pilgrimage) to Mecca, but he did not come back to Morocco for at least 30 years. His journey was mostly by land: to reduce the risk of being attacked, he usually chose to join a caravan.

This man sailed down the Red Sea to Mecca. He crossed the huge Arabian Desert and travelled to Iraq and Iran. In 1330, he travelled to Aden and later to Tanzania. In 1332, he decided to go to India where he got the job of a judge for a period of 8 years and then left for China. In 1352, he went south, crossed the Sahara desert, and visited the African kingdom of Mali. Finally, he returned home in 1355 when he was appointed a judge in Morocco and died thirteen years later.
