

The First Term English Exam

Texte :

Life used to be simple

We still keep in mind 60 years ago. We were young. In those years, we were married. We used to live in a tiny village of 204 people 60 years ago.

The roads were not built for cars, so we were everywhere by train. The train stayed 5 hours to reach the nearest town and it was expensive, so we didn't use to move a lot. We used to live in our tiny village all the time. We didn't use to watch television in 1950s. We used to go for a picnic all the time.

In some days, we went to cafe and listened to the radio news with my wife, and other days we used to spend wonderful moments with our friends, and we used to go for a walk. In old times, we wrote letters and post cards. We didn't use to have telephones or mobiles like today. Those were the best years of our lives.
