

Second Term Exam

The text

Amy is 12 years old. She is a middle school pupil. Amy is very fat .She suffers from a serious health problem which is **obesity** because she eats big quantities of food with a lot of sugar, fat and salt.

Amy gets up at 7:00a.m. She eats four pieces of cake and a glass of milk for breakfast. When she goes to school. She buys some cookies, two bars of chocolate, three bags of chips and a packaged drink for morning snack. For lunch, Amy prefers junk food like pizza, hamburger or French fries. For dinner, she usually has chicken, some cheese and dessert.

Amy is a couch potato she spends most of her time in the living room watching TV and eating . She doesn't practice sport or follow a diet plan to lose weight.
