Test 2 (2024)

Hello,

My name is Steve Robinson. I am from the UK. I am sixteen years old. I am a student at Queen Elizabeth School. I am keen on reading and using social Medias.

There are five things I want most in my life. First, I want to live in a town where people make peace. I am calm and a friendly person, and it upsets me to see people quarrelling all day long. The next thing, I want most is to live in a clean environment. I don't like pollution since it is the cause of many sicknesses. Actually, I am suffering from Asthma. The third thing, I want most is a car. A car which can only speed limit of 60 kms/hour. It's horrible to see all the accident caused by fast moving cars on our motorway. My fourth wish is to have a courageous and honest friend. For me, courage and honesty are man's best qualities. I also want to live only during the days when people are happy. Happiness makes life worth living.

Well! I dream of world without troubles: no war, no famine, no poverty and no racism. I want to live in a peaceful and a wonderful world.

Good bye
